AVEC STRUCTURE ALUMINIUM ET CLAYETTES THERMO-PLASTIQUE

- Particulièrement indiqué pour le stockage des produits alimentaires dans les chambres froides
- Hauteur standard : 1700 mm (autres hauteurs possibles 1550 et 2000 mm)
- 3 profondeurs : 375, 450 et 600 mm, chacune disponible en 3, 4 ou 5 niveaux
- Clayettes : amovibles en polyéthylène, à haute résistance et certifié atoxique. Inattaquables par les acides de base, exempt de bactéries, entièrement démontables, lavables et stérilisables selon les normes HACCP
- Structure portante en profilé aluminium à haute résistance et anodisé à 20 microns
- Toutes configurations possibles (grandes longueurs, angle, sur roulettes...).
- Rayonnage mobile sur rail (nous consulter)

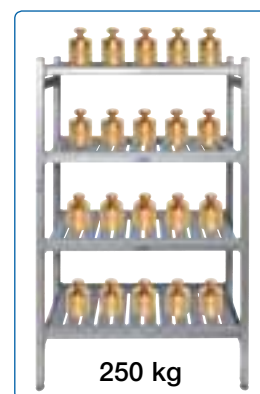

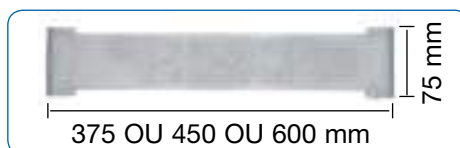

Grande robustesse : 250 kg maxi répartis par niveau (en linéaire)

Boulonnerie entièrement en acier inoxydable
Nos rayonnages résistent à des températures de -25°C à +90°C
(clayettes lavables en lave-vaisselle)
